SINTEF Product Certificate

No. 3068

Revised: 26.08.2014 Revised: 04.07.2024 Valid until: 01.08.2029

Provided listed on www.sintefcertification.no

SINTEF confirms that

EAGLE and SB mini ball valves

complies with the requirements in

- > NKB Product Rules no. 12 (*)
- > NKB Product Rules no. 13

Certificate holder

SCE Technology (Ningbo) Co., Ltd. No. 32, Yuanqu Road, Cha Lu Industrial Zone Ninghai, 315606 Ningbo, Zhejiang, China

Manufacturer

SCE Technology (Ningbo) Co., Ltd. No. 32, Yuanqu Road, Cha Lu Industrial Zone Ninghai, 315606 Ningbo, Zhejiang, China

Factory production control

The manufacturing of the product is subject to factory production control in accordance with the provisions in EN ISO/IEC 17065.

Product description

EAGLE and SB mini ball valves with internal or external pipe threads in dimensions $\frac{3}{4}$ ", $\frac{3}{4}$ " and $\frac{3}{4}$ ", as well as compression fittings for copper pipes in dimensions 10, 12 and 15 mm. Water-affected parts are manufactured in dezincification-resistant brass (CW602N).

The valves have certified compression fittings that are included in SINTEF Product Certificate No. 3064.

Performance requirements in TEK

Working pressure

The product meets the performance requirements at normal working pressure.

The product has been tested for 16 bar water pressure.

Effect on drinking water

The product does not submit substances which reduce drinking water quality or cause danger to health.

Other requirements

Marking

The product may be marked with the SINTEF certification mark as shown above. The mark may also be used on packaging and marketing materials concerning the certified product.

Dezincification resistance

The product has been tested for dezincification resistance according to EN ISO 6509.

Stress corrosion resistance

The product has been tested for stress corrosion resistance according to ISO 6957.
