

Certificate of conformity of the factory production control

1071– CPR – 1913

In compliance with Regulation 305/2011/EU of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product

Components for steel structures according to EN 1090-2:2018 *(processes as listed in the appendix to this certificate)*

placed on the market under the name or trademark of

Fiskum Plate- & Sveiseverksted AS

Kongsbergveien 791
3322 Fiskum
Norway

and produced in the manufacturing plant

Fiskum Plate- & Sveiseverksted AS

Kongsbergveien 791
3322 Fiskum
Norway

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard

EN 1090-1:2009+A1:2011

under system 2+ are applied and that

the factory production control is assessed to be in conformity with the applicable requirements.

This certificate was first issued on 08.04.2014 and will remain valid as long as neither the harmonised standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified factory production control certification body, and latest until 01.07.2029.

The certificate is valid provided it is listed on www.sintefcertification.no.

Oslo, 19.11.2024

Certificate of conformity of the factory production control

1071– CPR – 1913

Appendix to:

CERTIFICATE OF CONFORMITY OF THE FACTORY PRODUCTION CONTROL
1071– CPR – 1797

List of processes covered by the certification (page 1 of 1)

CE marking method:	1, 2a, 2b, 3a, 3b (Design included)
Execution class:	EXC3
Processing materials:	Steel grade S235, S355 and S460ML
Welding materials:	Steel grade S355 and S460ML for execution class and thicknesses according to table 14 in EN 1090-2:2018
Welding coordination competency level:	Specific– (Norwegian National welding coordination – Level 3)
Production processes:	Welding, cutting (sawing), plasma cutting, cold forming (folding), holing, galvanizing, painting, NDT

(Quality requirements checked against EN ISO 3834-2)
